NOTICE is hereby given that an Extraordinary General Meeting of the above Company will be held at the Registered Office of the Company, No. 5, Mohesh Chundro Choudry's Lane, Bhawanipur, in the suburbs of Calcutta, on Wednesday, the 23rd October 1895, at 6 p.m., for the purpose of considering, and, if thought fit, of passing, with or without modification, the following special Resolution:—

G. F. WATSON, CAPT.,

Commissariat Storekeeper-General.

Commissariat Storekeeper-General's Office, Madras, the 26th September 1895.

To Contractors.

SEALED tenders in duplicate will be received by the ordnance officer in charge, Madras Arsenal, up to 18th November 1895, for supply to the Arsenal of the undermentioned articles (more or less), in whole or in part, from 1st April 1896 to 31st March 1897.

2. Printed forms of "Lists or Schedules" of the stores (in whole or in part), for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed by the contractors, are procurable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these forms, two of which are procurable on application in writing to the undersigned, accompanied by the cost thereof, viz., Rs. 2.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which the article named in them will be delivered, and should be accompanied by a statement that the tenderers have submitted samples of the articles they tender for. Fractional parts of pice in rates will not be accepted. Rates to include cost of delivery at Madras.

5. Tenders should be accompanied by a deposit of Rs. 2 per cent. in Bank receipt or Government promissory notes as earnest money up to a maximum of Rs. 2,000, which deposit will be returned on execution of the contract deed or rejection of the tenders.

6. Tenders not complying with these conditions will be rejected.

7. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender or any items in any tender without explanation.

8. Tenders will be opened at this office at 12 noon on the 19th November 1895. Parties tendering are invited to attend.

9. In the case of an accepted tender, the tenderer must be prepared to execute an agreement.

10. In the event of the party whose tender is accepted failing to take it up, his earnest money will be forfeited.

11. On failure to carry out the contract fully, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

13. Parties tendering for any of the following descriptions of hides will be required to submit not less than two samples therewith, and particular attention is directed to the specifications of such samples as shown below. It must be clearly understood that the samples represent the lowest quality of leather which the contractor can supply. Consequently no supplies can be accepted at the contract rate which are in any way inferior to the sample in their individual value. Each hide will, however, be judged by its own aggregate merits against the sample, so that a better grown hide

than sample will not be rejected on account of small blemishes not present in the sample.

Any number (not less than two) of samples of each quality may be tendered. Two only will be selected, one for retention in arsenal to govern supply, and the other to be returned to the contractor. Samples should be provided with labels showing (1) name of contractor, (2) description of hide or skin, and (3) weight.

The line of offal is to be clearly marked upon the sample by the contractor.

N. B.—Alternative rates are invited for these items from which all offal has been removed.

(d) To be suitable for the manufacture of the articles (such as flaps) which require solidity, accompanied by a certain amount of suppleness, should be equal in substance (thickness) to a heavy harness hide and should be tendered either as a half butt or a whole butt, but the supply is required to be in whole butts.

Road Cess.

Dated Calcutta, the 11th October 1895.

RESOLUTION.

READ—

Annual reports and accounts of the several District Road Committees and District Road Accounts in Bengal for the year 1893-94, received from the Commissioners of Divisions concerned.

Read again—

Annual reports and accounts of the several District Road Committees and District Road Accounts in Bengal for the previous year published in Part II of the *Calcutta Gazette*.

REMARKS.—The Bengal Local Self-Government Act of 1885 has been introduced into all the districts of this Province, except the following:—

Darjeeling.	Manbhum.
Hazaribagh.	Singhbhum.
Lohardaga.	Sonthal Parganas.
Palamau.	Chittagong Hill Tracts.

In the first five of these districts, and in the Dalbhum pargana of the Singhbhum district, the Cess Act of 1880 is in force, while the other parganas of this latter district and the Sonthal Parganas and Chittagong Hill Tracts are not under the operations of any of the above Acts.

RECEIPTS.

2. In the districts in which the Cess Act is in force, the cess was levied at the maximum rate allowed by law, while in those districts which were not under the operations of the Act, and in which therefore there were no cess collections, funds were provided by grant-in-aid. The receipts for the year 1893-94 compared with those of the previous year are shown below:—

3. The decrease in the collection of 'cess on lands' in the Lohardaga District was owing to the cesses payable by the Maharaja of Chota Nagpur which fell due on the 28th March 1894, not having been collected until after the close of the year, while the increase in the Manbhum District was due to collections of arrears of the previous year.

4. Under 'Grant from Government' the decrease in the Hazaribagh and Lohardaga Districts was due to the fact that the Committees in those districts received Government contributions for the revaluation establishments in 1892-93, while there were no such contributions in 1893-94. The increase in the Palamau District is owing to the special grant of Rs. 13,000 given by Government for the construction of the Gurwa-Sirguja road.

5. The following table shows the outlay incurred in 1893-94, compared with that of the previous year:—

6. The closing balances of the cess districts at the end of the year were more than one quarter's kists of the respective Committees, as prescribed in paragraph 9 of the Resolution No. 4228R.C., dated 18th December 1885. The heavy balances were due (1) in the Hazaribagh District partly to the large opening balance with which the year began, and partly to an unexpended balance under the head 'Original works' which could not be completed during the year owing to unavoidable reasons; (2) in the Lohardaga District, to the abandonment of the Chapka-Sirguja road; (3) in the Palamau District, to the delay in taking up the extension of the Majhiwan and Japla road and in the construction of

the Gurwah-Sirguja road; (4) in the Darjeeling District to the Committee having been allowed, in letter No. 5106R.C., dated 26th September 1892, to accumulate its balance to enable it to construct important bridges in the district without having recourse to borrowing. In the Singhbhum and the Chittagong Hill Tracts the year opened with large balances of Rs. 22,079 and Rs. 16,228, which were reduced at the close of the year to Rs. 19,094 and Rs. 12,308, respectively.

7. Of the total expenditure incurred during the year, Rs. 3,21,233 was devoted to Public Works, while the outlay under other subheads, exclusive of 'Suspense Accounts,' was small, being Rs. 23,718 only in the aggregate. The distribution of the outlay on Public Works is as follows:—

10. *Arboriculture.*—A sum of Rs. 4,349 was spent in planting and maintaining trees on road sides and in maintaining nursery gardens in the several districts, except Darjeeling, as shown below:—

In the Darjeeling District the low percentage is due to the fact that no Engineer was employed: all the Road Fund works, both original and repairs,

were executed by foreign agency. The bridges over the larger streams were put up by the Executive Engineer, Darjeeling Division, with funds supplied by the Committee, while most of the roads were repaired by the Planters of the district, and a few only by Sirdars. The sum of Rs. 470 spent under this head was for the Public Works establishment in the Terai Subdivision only. The percentages in the Palamau and Singhbhum Districts were high.

ORDER.—Ordered that a copy of this Resolution together with the annual accounts of the several District Road Funds and District Road Accounts, extracts from the reports of the Chairmen of the several District Road Committees, and remarks of the Commissioners of Divisions concerned be published in Part II of the *Calcutta Gazette*.

Ordered also that a copy of this Resolution be forwarded for information to the—

By order of the Lieutenant-Governor of Bengal,

F. J. JOHNSTONE, MEM., INST. C. ENGRS.,

Secretary to the Government of Bengal.

Abstract of the report by the Chairman of the District Road Committee of Darjeeling on the operations of the District Road Fund of the district during the year 1893-94.

Working of the Committee.—The members of the District Committee number 18. Five meetings were held during the year, the average attendance of official and non-official members being 2·2 and 6 respectively. Five meetings were held by the Terai Branch Committee during the year; the average attendance of official members in each, being 2·2 and of non-official 5·2. The usual annual repairs to the roads were carried out by non-official gentlemen in charge, whose help has been of great value to the Road Cess Department.

2. **Assessment and Collection of the Road Cess.**—The road cess was levied at the maximum rate during the year. The demand was Rs. 17,065 as in the previous year, and the actual collection amounted to Rs. 17,266-9-8, showing an increase of Rs. 201-9-8 on account of payments made in advance for the year 1894-95. The full amount of the demand was realized.

3. The contribution (Rs. 2,000) from the Darjeeling Improvement Fund was received as in previous years for the improvement and repair of the Terai roads.

4. The Government contribution of $\frac{1}{4}$ th of 12 per cent. of the collections from Government and other estates amounted to Rs. 1,894-1-1 against Rs. 1,776-15-7 of the previous year. The increase is due to the resettlements of estates.

5. The year opened with a balance of Rs. 34,410-2-11, and the current income being Rs. 21,586-5-10, Rs. 55,996-8-9 were available for expenditure. But Rs. 36,075-1-2 only were spent during the year against Rs. 42,169-15-2 of the previous year. The closing balance was therefore Rs. 19,921-7-7, the actual cash in hand being Rs. 13,631-3-3, and the unadjusted advances Rs. 6,290-4-4. The closing cash balance (Rs. 13,631-3-3) includes Rs. 10,000, which form a contribution in two instalments for the construction of a bridge over the Balasan river at Matigara.

6. **Original works.**—The total expenditure under this head was Rs. 21,387-2-9, of which Rs. 21,176-7-9 were spent on the construction of the Suspension Bridge of 400 feet over the Balasan river at Panighatta, and the balance, Rs. 210-11, on the completion of the Namsoo bridge executed by the Manager of Singballi Tea Estate. The bridge at Panighatta was constructed by the Public Works Department with funds supplied by the Road Committee. The cost of the bridge is Rs. 53 per foot run, and it has been completed and is now open for traffic.

7. **Repairs.**—The expenditure under this head on Hill roads and bridges amounted to Rs. 5,374-2-3 against Rs. 5,324-2-9 in the previous year. Rupees 6,171-3 were spent on the Terai roads and bridges against Rs. 5,074-8-5 in 1892-93. The increase is not due to any additional expenditure upon the budget grants for the year, but to adjustments of advances of previous years. The Terai Committee undertook the repair of 12 village roads, Rs. 800 being sanctioned for the purpose, but Rs. 20 only have been adjusted during the year under report. Great improvements have been effected on the roads from Darjeeling to Pulbazar and from Tukdah Glenburn to Great Rangeet.

8. **Establishments.**—In this district all the Road Fund works, both original and repair, are executed by foreign agency, there being no engineering staff under the Committee. The bridges over the larger streams are put up by the Public Works Department, with money supplied by the fund, while most of the roads are repaired by the Planters of the district, a few only being repaired by Sardars with whom arrangements are made for the purpose by the Road Cess Department. The relative expenditure on works and repairs cannot therefore be compared with the expenditure on establishment. The total cost of the Public Works Establishment in the Terai subdivision was Rs. 420 and the cost of repairing Terai roads Rs. 6,171. The percentage of the cost of establishment to the outlay on repairs in the Terai is Rs. 6·80 accordingly.

10. **Inspection of Accounts.**—The Examiner of Local Accounts audited the Accounts on the 30th May 1894.

No. 178R.C., dated Ranchi, the 13th—15th August 1894.

From—W. H. GRIMLEY, Esq., C.S., Commissioner of the Chota Nagpur Division,
To—The Secretary to the Government of Bengal, Public Works Department.

IN submitting the accompanying Annual Report and Account of the District Road Committees of this Division for the year 1893-94, I have the honour to make the following observations.

The following statement gives particulars of the strength of each of the Road Committees and of the meetings held by them during the year:—

DISTRICT.	Number of members.	Number of meetings held.	Percentage of average attendance.
1	2	3	4
Hazaribagh	24	3	27·08
Lohardaga	10	5	40·
Palamau	16	13	45·6
Manbhum	16	10	41·25
Singbhum	10	6	52·0

In Hazaribagh the percentage of average attendance of the members dwindled from 50 to 27·08 during the year. The majority of the members who live in the interior of the district take very little interest in their duties and are deterred from coming to meetings by the distance, risk, fatigue and expense of the journey to head-quarters. In Palamau there has been a decrease of 4·4 per cent., which is principally due to the fact that most of the members live at long distances from head-quarters. In Lohardaga, Manbhum and Singhbhum, there has been a slight improvement on the figures of the previous year; but the attendance is by no means what it should be, and the charge of lack of interest is not confined to Hazaribagh.

The two branch Committees of Giridih and Gobindpur held four and two meetings respectively, during the year.

The cess was levied in all the districts of the Division at the maximum rate allowed by law, and the following table compares the receipts, disbursements and closing balances in each of the several Road Committees in the Division during the past two years:—

1	Hazaribagh.		Lohardaga.		Palamau.		Manbhum.		Singbhum.

In Hazaribagh there has been a falling off in the receipts under the heads of 'Miscellaneous receipts' and 'Grant from Government,' while in Lohardaga there has been a falling off under these two heads as well as under the head of 'Cess on lands.' The decrease under the head of 'Miscellaneous receipts' in both the districts of Hazaribagh and Lohardaga is due to ordinary causes, while that under the head of 'Cess on lands' in Lohardaga is due to the fact that the cesses payable by the Maharaja of Chota Nagpur fell due on the 28th March 1894, and consequently could not be collected during the year. In the two districts of Manbhum and Singhbhum the balance at the close of the year approximated the limit of one quarter's income prescribed in paragraph 9 of Government Resolution No. 4228R.C., dated the 18th December 1885. In Hazaribagh, Lohardaga and Palamau, the accounts closed with heavy balances, especially in Palamau where more than 85 per cent. of the year's income remained unexpended. The heavy closing balance in the district of Hazaribagh is partly due to the large opening balance with which the year began, and partly to an unexpended balance under the head of 'Original works,' which could not be completed during the year owing to unavoidable reasons. In Lohardaga the balance is due to the abandonment of the proposal for the construction of the Chapka-Sirguja road, and in Palamau to the delay in taking up the extension of the Majhiwan-Japla road. Steps have been taken to utilize more fully the funds available at credit of these Road Committees during the current financial year.

The following table gives particulars of income excluding the Suspense Accounts of each of the Road Committees in the Division, the expenditure on original and repair works, the

establishment employed for these works, and the relative expenditure on works and repairs compared with the expenditure on establishment, &c:—

DISTRICT.	Revenue.	AMOUNT SPENT ON WORKS.			Expenditure on account of establishment employed on works.	Total expenditure on works including the cost of establishment employed on them.	Percentage of the cost of establishment on the amount actually spent on works.	Percentage of total expenditure on works including the cost of establishment on the Revenue.

Lohardaga	42,910	3,171	31,238	33,409	7,459	40,868	32.4	86.1

Total	2,22,124	15,166	1,24,042	1,39,208	30,603	1,69,811	31.8	76.3

The percentage of expenditure on account of establishment, &c., was high in the districts of Palamau and Singbhum, being over 25 per cent. of the amount spent on works.

The expenditure on works in Palamau was very small, and this may be attributed to the lateness of the appointment of the District Engineer, who did not join the district until the 18th September 1893.

Original Works.—In Hazaribagh the only original works completed during the year, consisted of the construction of an inspection bungalow at Dudhimati on the Gola-Dakagarha road at a cost of Rs. 399, and a pukka well at Jabna on the Balumath-Sherghatty road at a cost of Rs. 120. The sinking of two wells was also taken in hand during the year. In Lohardaga the Road Cess Committee had provided Rs. 10,500 in the Budget Estimate of the year for the construction of a road from Chapka to the boundary of the district towards the Political State of Sirguja, but this project had subsequently to be abandoned on account of insufficient funds. A survey of the road was, however, made, and drawings prepared for a portion of the road at a cost of Rs. 1,156. The project was never approved by me, being on far too large a scale, and I have, however, pointed out to the Road Committee that a large expenditure is not really required for this road. All that is necessary is to mark it out, level the surface, and to take up a certain portion of the road each year until the whole is completed. Most of the country roads are made in this way at no great expense, owing to the natural hardness of the soil. In this way the cost will not be great. A sal wood railing, 120 feet in length, at the approaches of the Pandra bridge on the 4th mile of the Ranchi-Lohardaga road was constructed during the year at a cost of Rs. 159. Further, a sum of Rs. 856 was spent in sinking wells and improving the water-supply in selected villages in the interior of the district. In Palamau, a 20 feet bridge on the 14th mile and two small diversions on the 31st and 38th miles of the Daltonganj-Sherghatty road were constructed during the year at a cost of Rs. 2,049. A certain portion of this road was practically reconstructed, so that it is now passable for carts and wheeled traffic up to the borders of the district of Hazaribagh. Two small pukka culverts were also constructed on the 15th and 21st miles of the Daltonganj and Maharajganj road, the former at a cost of Rs. 423, and the latter at a cost of Rs. 219, during the year. Apart from these, a staging bungalow at Manka on the 26th mile of the Daltonganj-Ranchi road was constructed at a cost of Rs. 599. The construction of a road, 32 miles in length, from Garwa towards the Political State of Sirguja, and the extension of seven miles of the Majhiwan-Japla road (Hossienbad-Gaya road) were also taken in hand during the year, but could not be completed, owing to the District Engineer being appointed so late in the year. A sum of Rs. 656 has been spent in making a preliminary survey of these roads. In Manbhum, the metalling of the Purulia Station roads at a cost of Rs. 472, the construction of an approach road to the Ramkanali Railway station at a cost of Rs. 261, and the construction of a feeder road to the Bengal-Nagpur Railway, eighteen miles in length, from the Balrampur Railway station to Bagmundi, were the only original works undertaken during the year. The estimated cost of the last mentioned work is Rs. 17,056, but no more than Rs. 3,500 could be provided in the year's Budget Estimate. The total outlay during the year on this work amounted to Rs. 1,652. The road passes through the temporarily-settled Government estate of Mahta, and a contribution of Rs. 2,500 has since been made from the Land Improvement Fund under the disposal of the Board of Revenue. The road passes through jungles and over hills, and when complete will open out a large tract of the country which is still very backward. In Singbhum the principal items of original works executed during the year were the gravelling of the heavy portions of the Chaibassa-Bend road, the Chaibassa-Amda road, the Chaibassa-Jyntgurrh road, and the Chakradharpur-Koksinga road at a cost of Rs. 3,168. The construction of a masonry bridge at Ghatsilla on the 51st mile of the Chaibassa-Bend road and the Subarnarekha ghat cutting on the Chaibassa-Subarnarekha road were also taken in hand during the year. The total outlay on these works amounted to Rs. 1,500 and Rs. 986 respectively.

Repair Works.—In Hazaribagh 84 miles of metalled, 65 miles of gravelled, 402 miles of fair weather, and 152 miles of village roads were maintained at a total cost of Rs. 38,523. In Lohardaga 454 miles of district roads, including three miles of the petty Sadar station roads and 152 miles of village roads, were maintained at a cost of Rs. 29,436. In addition to these nearly 100 miles of village tracks were improved with the assistance of villagers and under the supervision of the department. In Palamau 284½ miles of class III and 21 miles of class II roads were maintained at a cost of Rs. 9,360, while a sum of Rs. 518 was spent towards the improvement of village roads in the district. Besides these, a masonry bridge on the 18th mile of the Daltonganj-Ranchi road was repaired at a cost of Rs. 608. In Manbhum the 59 miles of the two Provincial roads under the charge of the Road Committee were maintained at a cost of Rs. 9,600. These roads were taken over by the Road Committee on the 1st April 1893. Of the District roads, 2½ miles of class I, 199 miles of class II, 127 miles of class III, and 75 miles of class IV roads were maintained at a total cost of Rs. 27,731. The repair works were restricted to the maintenance of the road surface, repairs to bridges and culverts, and to inspection bungalows. In Singhbhum eight of the district roads, aggregating 273½ miles, were maintained at a cost of Rs. 3,216, viz., Rs. 675 in gravelling, Rs. 932 in repairing 12 culverts and bridges, and Rs. 2,209 on earthwork. Ten class-V roads of 156 miles in length were also maintained at a cost of Rs. 919. Besides these, five of the village roads, aggregating 51 miles in length, were maintained at a cost of Rs. 135. A grant of Rs. 10,000 is annually made by the Government to the Road Committee of Singhbhum for the construction and repairs of the District roads.

Arboriculture.—In Hazaribagh 4,471 existing trees were maintained and 367 new ones were planted during the year at a cost of Rs. 682. Besides this, there is a nursery garden containing 1,580 plants of various sorts. In Lohardaga 1,189 new plants of several kinds were planted along roadsides during the year. A nursery was also kept up at Ranchi where 881 seedlings were raised. There was another small nursery in the compound of the Road Cess bungalow at Lohardaga where 95 plants were grown. The total expenditure under this head amounted to Rs. 1,802. In Palamau over 1,400 roadside trees were maintained during the year. New seedlings were planted in place of those which either perished or were destroyed by cattle, and a sum of Rs. 100 was spent in providing new gabions for the protection of these trees. A small nursery was started during the year and the two nurseries, including the old one, are said to have been well stocked with choice young seedlings under the personal supervision of the Deputy Commissioner, Mr. Bright. In Manbhum four miles of the Chass-Goolbera road were under tree plantation and 123 young trees were maintained and 426 new ones planted. Two nurseries were also started in the compounds of inspection bungalows, each with 500 seedlings. In the Purulia-Barakar road 14 miles were under tree plantation and 100 trees were established, and 1,110 young trees newly planted. For the District roads a nursery was opened in the compound of the Jubilee Town Hall containing 1,000 seedlings of indigenous and exotic plants. The total expenditure on arboriculture was Rs. 1,847, viz., Rs. 297 from the District Road fund, and Rs. 1,550 from the Provincial Funds. In Singhbhum 976 young trees were planted on the first four miles of each of the Chaibassa-Subarnarekha, the Chaibassa-Bend and the Chaibassa-Jyntgurih roads. These trees were provided with gabions of stone and earth and were generally well protected. The total expenditure under this head amounted to Rs. 375.

The District Engineer of Palamau joined his appointment in the district on the 18th September 1893. The District Engineers of all the districts and their subordinate establishments are reported to have worked satisfactorily.

Abstract of the Report of the Chairman of the District Road Committee of Hazaribagh on the operations of the District Road Fund of the district during the year 1893-94.

Working of the District Road Committee.—There was no change in the personnel of the Committee. Two meetings were held during the year under report, in both of which quorums were obtained. The average attendance was 6·5 against 12·0 in the previous year. The low average is due to want of interest on the part of most of the members.

2. *Working of the Branch Committee.*—There is only one Branch Committee in this district, viz., at Giridih. Four meetings were held by the Branch Committee during the year, and the average attendance was 3, against 4·2 in the previous year.

3. During the year under report, the road cess in this district was levied at the maximum rate prescribed by law.

4. The demand for Road Cess on lands and mines during the year was Rs. 55,932, against Rs. 54,715 in the previous year. The increase of Rs. 1,217 is chiefly due to revision of assessments of mines and other immovable properties under chapter V of the Cess Act.

5. During the year 7 new mines, &c., were assessed and the assessments of 39 old mines, &c., were revised.

6. The total demand of the district, including the arrears of Rs. 1,890 outstanding at the close of 1892-93, amounted to Rs. 57,822, against Rs. 56,474 in the previous year. Out of this demand, Rs. 55,836, including Rs. 1,423 previously paid in advance for the year 1894-95, were collected during the year, against Rs. 54,584 in the previous year, leaving a balance of Rs. 1,986, against Rs. 1,890 in the year preceding. In addition to the above, a sum of Rs. 1,754 was collected as advance for future years.

7. The percentage of arrear collections on arrear demand was 98·80 and that of current collections on current demand 96·48, against 99·37 and 96·56 respectively in the previous year.

8. Of the arrears outstanding at the end of the year, Rs. 1,928 were due from revenue-paying estates, in which the last instalment was payable on the 28th March 1894, for recovery of which no coercive measures could be adopted within the year.

9. *Original Works.*—The construction of an inspection bungalow at Dudhimati on the Gola and Dokagurra road at a cost of Rs. 399 and the sinking of a well at Jubra on the Balumath and Sherghati road at a cost of Rs. 120 were the only original works executed during the year. The total outlay under this head amounted to Rs. 519, against Rs. 1,320 in the preceding year. Under this head provision was made for sinking two puoka wells and for constructing three small rest-houses or inspection bungalows. Both wells were commenced, but rocky soil having been met in both they could not be completed during the year. The three rest-houses or inspection bungalows could not also be constructed within the year owing to certain additions and alterations suggested by the Superintending Engineer, the final adoption of which caused some delay.

10. *Repairs to District Roads.*—There are altogether 46 lines of road in the district. Out of these, repairs were executed on 35 roads aggregating 501 miles in length during the year under report at a cost of Rs. 30,241, against Rs. 25,720 spent on 35 roads with a mileage of 528 miles in the preceding year. The following table compares the outlay on each kind of road during the years 1892-93 and 1893-94 :—

DESCRIPTION OF ROADS.	1892-93.		1893-94.

13. The repairs of certain village roads were undertaken by Dr. W. Saise and Babu Annada Prosad Mazumdar, two of the members of the Branch Committee, who are reported to have taken much interest in having the roads repaired thoroughly.

14. *Arboriculture*.—During the year 387 new trees were planted and 4,471 old ones maintained on the roadsides in this district, against 1,266 new and 3,716 old trees in the previous year. HAZARIBAGH,
The 28th May 1894.

O. H. GARBETT,
Chairman.

Abstract of the Report by the Chairman of the District Road Committee of Lohardaga on the operations of the District Road Fund of the district during the year 1893-94.

Working of the District Road Committee.—The attendance of the non-official members of the District Road Committee during the year under report was unsatisfactory; for out of six non-officials, one attended three and three two meetings, one resigned, and one did not attend six consecutive meetings. Out of the five meetings held during the year under report, three were special and two ordinary meetings, one ordinary meeting having been adjourned for want of a quorum.

2. The demand on account of cess on lands and mines during the year including arrears of last year amounted to Rs. 49,035, of which Rs. 41,672 was collected within the year, leaving a balance outstanding at the close of the year of Rs. 7,363. The whole of the balance fell due on the 28th March 1894, but could not be realized within the year.

3. *Original Works.*—Provision was made in the budget for Rs. 10,500 to meet the cost of a road from Chapka to the boundary of the district towards Sirguja State, but the proposal for carrying out the work was subsequently abandoned. A survey was, however, made, and drawings prepared for a portion of this road. Salwood railings 120 feet in length were constructed at the approaches of the Pandra bridge on the 4th mile of the Ranchi-Lohardaga road.

4. *Repairs.*—The several roads in the district (454½ miles in length) were maintained in passable condition by surface repairs, patch repairs to, and in some cases, renewal of, gravelling, and renewal or petty repairs to temporary bridges and culverts.

5. *Village roads, 152 miles.*—Ten miles of road were constructed in place of village tracks; two miles gravelled. Several temporary bridges were constructed. Over 145 miles of roads were kept passable by petty repairs. Besides the above, nearly 100 miles of village tracks were improved and made passable for carts during the cold weather with the help of the villagers under the supervision of the Department.

6. *Arboriculture.*—1,189 seedlings of kuranj, mango, jack, jamun, teak, mahogany and toon were planted in order to fill up the vacancies, in planting along 2½ miles of new lengths to have a continuous line of plantation from end to end of each road. All the roadside trees were trimmed, and they were maintained throughout the year: 1,392 large *dellas* (bamboo gabions) of approved type were supplied for the protection of plants, besides 1,638 *dellas* of ordinary kinds. A nursery has been kept up at head-quarters, and plants of mahogany, teak, mango, jack, mahua, karanj, sal, peepul, jamun, bur, and tamarind, 881 in number, were raised during the year. A small nursery was made in the compound of the Lohardaga bungalow, where mahua, kuranj, and jack plants numbering 95 were grown.

7. *Staging bungalows.*—The thatched roofs with bamboo framings of the staging huts at Jamchua, Bhandra, and Gamaria, were replaced by tiled roofs with salwood battens. Out-houses to the staging huts at Jamchua and Bhandra were also constructed. Petty repairs were done to the Road Cess office bungalow and godown, two inspection bungalows and six huts.

8. *Sanitation.*—Twelve natural springs (*doris*), from which the people of this district generally get their supply of drinking water, were improved by protecting them with masonry walls at Opa, Karra, Bhandra, Bero, Nagri, Dehkela, Muruchkel, Kuru, Jamchua, Taimara, Rahey, and Anandi. Repairs were done to the well in the Karra thana compound.

9. *Establishment.*—The establishments under the Road Cess Act are:—

- (a) Establishment for collection of revenue.
- (b) Committee's office establishment.
- (c) Engineering establishment.

The establishment for the collection of revenue consists of one Head-clerk and Accountant, one assistant clerk, and one peon. These officers also do the work of the Committee's office for which there is no separate establishment, as the Committee cannot afford to pay for a separate establishment for their office out of their small income. The several establishments employed under the Committee worked satisfactorily.

10. *Accounts.*—The accounts of the year were duly examined and audited by a Sub-Committee consisting of the Chairman, Vice-Chairman and two other English-knowing members of the Committee. The monthly accounts of the Road Fund and of the District Engineer's office were also examined by the Vice-Chairman, Chairman and two other English-knowing members of the Committee who were appointed for the purpose.

11. The Local Auditor inspected this and the District Engineer's office on the 20th November 1893, and the result was very satisfactory.

NUNDO LAUL CHATTERJI,
Accountant.C. F. MANSON,
Vice-Chairman.C. CUTHBERTSON,
Chairman, Dist. Road Committee.

Abstract of the Report by the Chairman of the District Road Committee of Palamau, on the operations of the District Road Fund of the district during the year 1893-94.

Working of the District Road Committee.—Thirteen meetings of the District Road Committee were held during the year, in all of which a sufficient number of members was present to form a quorum. The members residing in and nearer to the head-quarters station were more regular in their attendance than those living far off. The average attendance of the members was 7·3, against 7·5 in the preceding year.

2. **Working of the Cess Act.**—The Road Cess was levied, at the maximum rate of half an anna in the rupee both on the annual value of lands and on the annual net profits from mines. The demand on account of cess on lands and mines during the year was Rs. 21,788. The decrease of Rs. 48 is owing to the cancelment of the assessment of the Dihri coal mine sanctioned by the Board of Revenue in their letter No. 187A. of the 14th April 1894, and the reduction of cess assessment regarding the two newly-cultivated pieces of land and the Koa and Kuth mahals in the Palamau Government Estate, sanctioned by the Board in their letter No. 391A., dated the 6th September 1893. As the order of the Board reducing the cess took retrospective effect from the beginning of the year 1892-93 under section 37 of the Act, the arrears noticed in the report for that year also decreased by Rs. 48. Thus the current demand Rs. 21,788 plus the reduced arrear demand Rs. 3,248 gave a total of Rs. 25,036 for realization during the year 1893-94. Of this amount Rs. 22,637 (including Rs. 612 previously paid in advance) were collected, leaving a balance of Rs. 2,349 at the end of the year. A further sum of Rs. 782 was collected on account of advance for future years. Out of the balance of Rs. 2,349, a sum of Rs. 966 is due from the Deputy Commissioner of Lohardaga for Road Cess due from the portions of the Chota Nagpur Estate situated within the local jurisdiction of Palamau. The remaining arrears are due from the Jagirdari Estates, which are never in the habit of paying cesses on due dates and until certificates are enforced, and as these amounts were on account of the March instalment, no steps could be legally taken for their recovery within the year.

3. The income of the Committee for the year was nearly double of that of the preceding year owing to the following reasons:—

- (1) The large outstanding arrear cess of the preceding year being all realized within the year 1893-94.
- (2) No grant from Government was received in 1892-93, whereas Rs. 14,448-5-4 was received during 1893-94. This amount includes a special grant of Rs. 13,000 for the construction of a new road from Garhwa, the principal trade mart of the district towards the Political State of Sirguja. The remaining amount was on account of contribution towards the pay of the Cess Collection Establishment and of the District Engineer and for the repairs to the Public Works Department buildings.

4. The expenditure in 1893-94 was Rs. 19,801 (excluding advance and deposits), against Rs. 8,499 in the preceding year. The increase is due to a greater amount being spent on Public Works Establishment and on works and repairs. In 1892-93 no original work could be done owing to the causes mentioned in the previous year's report, whereas Rs. 4,046 was spent in 1893-94. The expenditure on repairs in 1892-93 was only Rs. 8,830, whereas Rs. 9,360 were spent in 1893-94. Besides these items, the expenditure of both years was very much the same, and therefore requires no comment.

5. **Original work.**—The following original works were completed during the year at a cost of Rs. 4,046-5-10, against the Budget allotment of Rs. 27,508:—

- (1) Construction of a 20-feet bridge with timber roadway on the 14th mile of the Daltonganj (towards Sherghatty) road at a cost of Rs. 1,162-2-3. The bridge is of rubble stone masonry in lime mortar, with roadway of 4" planking supported on sal beams 13" x 9" in section and pukka flooring and curtain wall.
- (2) Construction of two small diversions on the 31st and 38th miles of the above road to improve the alignment. The 1st diversion is 19 chains and the 2nd 9 chains in length. The costs of these diversions were Rs. 742-11-10 and Rs. 144-4-7 respectively.
- (3) Construction of an 8-feet pukka culvert on the 15th mile of the Daltonganj-Maharajganj road at a cost of Rs. 422-13-6. The abutments are of rubble stone masonry in lime mortar and the roadway of 4" sal planking supported on sal beams; width of road 18 feet, and width of roadway over culvert 12 feet clear.
- (4) Construction of a 7-feet pukka culvert with timber roadway on the 21st mile of the above road. This work was not finally paid for within the year owing to certain defects in the masonry. The details of this culvert are precisely the same as those of the 8-feet one mentioned above.
- (5) Construction of a staging bungalow at Manka on the 26th mile of the Daltonganj-Ranchi road at a cost of Rs. 598-14. The accommodation consists of two rooms 16' x 16' and two bath-rooms 8' x 6' with a verandah in front.

Besides the above the following original works were taken in hand during the year:—

- (6) Construction of a new road from Garhwa towards the Political State of Sirguja, 32 miles in length.

(7) Extension of the existing Majhiaon-Japla road to the border of the district (7 miles).

The preliminary surveys and levels for the former road were taken up shortly after the newly appointed District Engineer joined his post on the 18th September 1893. The plans and estimates of the 1st section of the Garhwa-Sirguja road were sanctioned by the Commissioner in his letter No. 387R.C., dated 11th January 1894, and by Government in Public Works Department letter No. 1251L.C., dated the 4th March 1894. A special grant of Rs. 13,000 was given during the year by Government for the construction of this important road. This work had only been just started when the year closed. The surveys and estimates for the extension of the Japla road were prepared by the late overseer and forwarded for sanction, but they were returned for revision, a small part only having been approved. The surveys and levels for this extension were completed in February 1894, and the Commissioner's sanction to the project is awaited.

6. *Repairs.*—Of the 305½ miles of fair weather roads in the district, 284½ miles are of class III and 21 miles of class V. The sum expended in executing repairs to class III roads amounted to Rs. 8,841-10-4 out of a Budget grant of Rs. 9,750 and a sum of Rs. 517-14-8 was spent in improving class V roads out of a Budget allotment of Rs. 700. Thus the total expenditure on the III and V class roads during the year amounted to Rs. 9,359-9, or an average of Rs. 30-10-3 per mile of road. The principal items of work executed in repairing the roads are:—

- (1) Executing surface repairs and maintaining road surface in fair order.
- (2) New drain cutting to improve drainage of roads, especially on steep grades.
- (3) Easing down a few of the steep approaches to beds of unbridged streams.
- (4) Rebuilding temporary jungle wood culverts which had collapsed, or were washed away.
- (5) Repairs to pukka culverts including renewing rotten beams and planking.
- (6) Pruning roadside trees, dishing the earth at their bases, and otherwise maintaining them in fair order and putting new and improved gabions to trees.
- (7) A pukka bridge of 3 spans of 16-feet each on the 13th mile of the Daltonganj towards Ranchi road had its rotten beams and plankings renewed at a cost of Rs. 603.

7. *Village roads.*—There was an allotment of Rs. 700 under this head, out of which Rs. 517-14-8 was spent in executing earthwork in drains and reducing the grades of 8 miles of road which may now be considered as IV class road.

8. *Staging bungalows.*—A sum of Rs. 170-7-5 was spent in executing repairs to the staging bungalows at Daltonganj, Chandwa and Kajree out of a budget grant of Rs. 300 for works under head "staging bungalow, petty constructions and repairs."

9. *Arboriculture.*—There are over 1,400 roadside trees, which were maintained during the year, besides planting out a few hundreds of new seedlings to fill up vacancies in the lines of trees already planted. As the roadside trees were in want of efficient protection from cattle, the operations of the year were directed chiefly towards providing substantial bamboo gabions and brushwood fences, with a view to protect the trees already planted, instead of planting out more trees on the roadside unprotected. The sum spent in providing new gabions was Rs. 100-8. There is a number of young seedlings in the nurseries of mango, jamoon, kermainsi, &c., and as soon as the present trees are properly protected and the seedlings are large enough, they will be planted out. Many of the roadside trees have been badly damaged by grazing.

10. *Nursery.*—The existing nursery was maintained and a small one started during the year. A number of seedling mangoes of good seeds were planted, and a number of kermainsi and asok seedlings have been put down from seeds falling from trees in the garden of the Chairman, who has personally taken a good deal of interest in the matter, and the nurseries are now well stocked and well looked after.

11. *Public Works Establishment.*—The following statement shows the relative expenditure on works and repairs compared with the expenditure on establishment.

12. *Accounts.*—The accounts of the Committee's office are kept under the direct supervision of the Chairman. These accounts, as well as those of the District Engineer's office, were audited monthly by the Standing Sub-Committee consisting of the Vice-Chairman and two other English-knowing members. The accounts up to the month of September 1893

were twice inspected during the year by the Local Auditor in the month of October 1893 and by the Examiner of Local Accounts in February 1894, and on both occasions the result was found to be satisfactory.

Abstract of the Report by the Chairman of the District Road Committee of Manbhum on the Operations of the District Road Fund of the District during the year 1893-94.

1. *Working of the Cess Act IX of 1880.*—The outstanding balance of the year 1892-93 was Rs. 24,199, and the demand for 1893-94 was Rs. 68,831, against Rs. 19,998 (outstanding balance) and Rs. 67,628 (demand) respectively for the previous year. There was an increase of Rs. 1,203 in the demand on account of assessment of certain coal mines and quarries newly opened. The collections for the year were Rs. 87,210, including Rs. 3 collected in advance on account of future years, against Rs. 63,487 in the previous year, showing an increase of Rs. 23,723. The percentage of total collection on the total demand is 93.75. The gross outstanding balance of the year was Rs. 5,813, of which Rs. 47 have been remitted by order of the Commissioner. The revaluation work of eight revenue-paying estates was completed in July 1893, but there are still some cases pending on appeal before the Commissioner. The total amount of cesses leviable under the revaluation of these estates is Rs. 17,467-6, against Rs. 13,270-6-6 under the former valuation, there being an increase of Rs. 4,196-15-6 only. The recent revaluation will take effect from the year 1894-95.

2. *Working of the Committee.*—During the year the committee held 10 meetings for the transaction of business, and at all of them a sufficient number of members was present to form a quorum.

3. *Working of the Branch Road Committee at Govindpur.*—Mr. N. Warde-Jones, Sub-divisional Officer of Govindpur, was Chairman of the Branch Road Committee. The Committee held two meetings during the year for the purpose of selecting contractors for road works and for passing estimates for the Chirkoondah-Patlabari road.

4. *Original Works (a) Communications.*—The total expenditure under this head during the year was Rs. 2,385, of which Rs. 738 was for works executed and provided for in the previous year, and the remainder, Rs. 1,652, was the expenditure actually incurred during the year towards the construction of a third class road from Balrampur, a station on the Bengal-Nagpur Railway, to Bagmoondi. This road is one of the feeder roads to the Bengal-Nagpur Railway, and when completed, will open out a large tract of country which is still very backward in the matter of communications. The estimate, amounting to Rs. 17,056, was sanctioned in April 1893 (*vide* Government of Bengal, Public Works Department letter No. 22670, dated the 11th April 1893), and the work was taken in hand almost immediately afterwards, especially to give employment to the labouring class of people in the locality, who were in some distress owing to failure of previous year's rice crops. The budget grant for the work was Rs. 3,500 including an expected contribution of Rs. 2,500 from Government, which however, was not received during the year. Out of the total estimated quantity, 2,900,000 cubic feet, of earthwork, 739,000 cubic feet were executed during the year. This road is in incomplete condition still, but is already practicable for country carts the whole length.

5. *Repairs.*—(a) *Communications.*—*Provincial Roads.*—A length of about 59 miles of Provincial Roads of which 42 were metalled and 17 kutcha, was made over to the District Road Committee at the beginning of the year and the Government grant for their up-keep was Rs. 13,000, out of which Rs. 9,600 were actually spent within the year, being Rs. 7,812 for the 42 miles of the metalled roads and Rs. 1,788 for the 17 miles of kutcha road as per details given below:—

Chase-Goolbera road (kutcha) ...	17	1,450	97	241	1,788	85	6	14	105

In addition to maintaining both these roads in proper condition, the following improvements deserve to be noticed:—

(1) *Purulia-Barakar Road.*—The whole of the 5th mile including the south approach to the Damodar, half of the 8th mile, and the whole of the 34th mile were remetalled. The roof of the inspection bungalow at Raghunathpur was taken up for renewal, with an improved timber framing, at an estimated cost of Rs. 1,591, but work was not completed within the year, chiefly owing to difficulty in procuring good timber. The roof of the out-house of

this bungalow was also thoroughly overhauled and the building otherwise improved. The roof of the Jhapra bungalow (at the beginning of the 32nd mile) got blown down and was renewed. A 9" pipe drain was put across the road in front of the Inanpur bungalow (middle of 9th mile) for facility of irrigation.

(2) *Chass-Goolbera Road*.—The approaches to the Singari *nala* in the 1st mile, the Ijree river in the 5th mile, and the Gowain river in the 11th mile were eased down and improved by stone metalling and gravelling and stone pitching in side drains. The roof of the Pirrajurrah bungalow in the 10th mile was renewed, the old out-house thoroughly overhauled, and a new separate cookshed built. Two 18" drain pipes were put in—one in the 13th mile and one in the 15th mile—partly for irrigation purposes and partly for removing obstructions in natural drainage.

District Roads.—The total expenditure on repairs on District Roads of all classes was Rs. 27,731, against a budget grant of Rs. 39,535. Both these amounts include payments on account of works provided for and executed during the preceding year. The actual expenditure on works done during the year under report was Rs. 18,488 against a budget grant of Rs. 29,294. A detailed statement of the expenditure under this head on the several roads according to their classes is given below:—

From unavoidable circumstances all the works actually executed were not paid for within the year. The mileage rates are therefore not strictly correct, as a fairly large sum of money due for works actually executed remained unpaid at the close of the year, but this is almost counterbalanced by payments made during the year for works executed in the preceding year. The works executed were almost entirely restricted to the maintenance of the several roads and petty improvements to road surface and approaches to unbridged *nalas*. Besides these the following improvements have been effected:—

Three and a half miles of the Balorampur-Burrabazar road and six miles of the Jhapra Govindpur road were gravelled, several banks and approaches to unbridged *nalas* in the latter half of the Raghunathpur-Hazaribagh road were improved with earthwork. In the muddy places of the Huramanbazar road gravel work was done, and several banks and cuttings restored. The Jhalda-Torung and Jargo-Bagmoondi roads were much improved by earthwork, improvement of banks and cuttings, construction of temporary stone culverts and causeways, gravel work in muddy places, diversion of drainage, and easing down of approaches to unbridged nullahs.

(b) *Buildings*.—The cart Serais in some of the roads are the only buildings in charge of the Committee, besides the inspection bungalows and rest-houses on the several roads. There are altogether 20 Serais of which 10 were maintained by the farmers. Nothing was done to the others during the year under report as they were originally in fair conditions. A sum of Rs. 563 was paid during the year for repairs to these, executed during the previous year—

(c) Sanitation ... } Nothing was done under these heads.
(d) Miscellaneous ... }

6. *Arboriculture*.—The only work done from District Road Funds under this head was the starting of a nursery containing 1,000 seedlings of indigenous and exotic plants in the compound of the Jubilee Town Hall, and maintaining 75 young trees in and around it. Part of the cost of the nursery was defrayed out of Provincial grants, as young trees from the nursery are meant for transplantation in Provincial as well as District Roads. The total expenditure incurred under this head out of District Road Funds was Rs. 297. Besides the above, altogether 2,422 trees (all established) in the several Station roads were trimmed and generally taken care of. In the Provincial roads under the Committee a fair amount of work was done. Four out of the 17 miles of the Chass-Goolbera road are under tree plantation. In this portion 123 young trees were maintained and 426 planted and taken care of. Two nurseries, each containing 500 seedlings, were also started in the compounds of the two inspection bungalows on the road: In the Burrakur-Purulia road altogether 14 out of the 42 miles are under tree plantation. In this portion there were altogether 895 established and 396 young trees at the beginning of the year, when the road was

made over to the District Road Committee. All these were carefully maintained and taken care of, and several young trees were planted. When the last count was made, there were altogether 995 established and 1,506 young trees, showing an increase of 100 established and 1,110 young trees, the result of the year's work. Of the young trees there are about 300, which are under 3 feet in height. All these were 3 feet or upwards when planted, but the stalks dried up after transplantation and new leaves began to sprout from lower down. The total expenditure from Government grant under this head was Rs. 1,550.

9. *Working Establishment.*—There has been no change in the Executive establishment of the Committee during the year under report. Besides the above, the services of a Public Works Department sub-overseer were placed at the disposal of the Committee to look after the works of the two Provincial roads lately transferred.

The statement below shows the budget grant and outlay under each head for the year under report and the year preceding—

The 5th July 1894.

Members of the Committee.

D. BASU,
Vice-Chairman, District Road Committee.

Abstract of the report by the Chairman, District Road Committee, Singhbhum, on the District Road Fund operation of the District for the year 1893-94.

1. *Working of the District Road Committee.*—There were five meetings of the Committee held, in all of which a sufficient number of members was present to form a quorum. The percentage of average attendance during the year, was 52 against 48 in the previous year. The resident members of Dhalbhum did not as a rule take much interest in the administration of the District Fund, and most of them never attended any of the meetings held during the year. It was therefore under contemplation to reconstitute the Committee and to bring in some new members in place of those who apparently failed to take any interest in matters pertaining to Road Cess.

2. *Working of the Cess Act.*—The Road Cess was levied in the District at the maximum rate of half anna in the rupee, both on the annual value of lands and net profits from quarries and jungles. The gross demand on account of cess on lands and quarries and jungles during the year under review, was Rs. 4,872, including Rs. 235 remitted to the Collector of Midnapore on account of Road Cess due to him for the years 1892-93 and 1893-94. Thus, the gross net demand of the District was Rs. 4,637 against Rs. 4,706 in the previous year. Out of this demand, Rs. 4,541 were collected within the year, Rs. 8 remitted, and Rs. 68 recommended for remission, thus leaving an outstanding balance of Rs. 20 at the close. Out of this balance, Rs. 20, the sum of Rs. 5 was realized in April 1894, hence the actual balance to be realized was Rs. 15 only. The percentage of collection to the net demand excluding the remission but including the collection made in April, is 99·67.

3. *Original Works.*—The principal items under this head were the gravelling of heavy portions of the Chaibassa-Bend road No. 1, Chaibassa-Amda road No. 4, Chaibassa-Jyntgurrh road No. 7, Chakradharpur-Koksinga road No. 6, and the construction of a masonry bridge having 45 running feet of waterway at Ghatsilla on the 51st mile of the Chaibassa-Bend road. The aggregate length of gravelling done on the several roads was 4·80 miles, the expenditure incurred in the works being Rs. 3,168. About half the work in the masonry bridge mentioned above was done during the year, and it entailed an expenditure of Rs. 1,500. The works in the Subarnarekha river ghat cutting have nearly been finished. Out of the estimated cost of Rs. 4,814 for the work, the expenditure incurred up to the close of the year under review was Rs. 4,203. The ghat, as the District Engineer says, is now open to traffic. Rupees 8-8-5 were spent in giving compensation for lands required for portions of the 9th and 10th miles of the Chaibassa-Amda road No. 4. In completing the improvement works in the Chakradharpur shelter-house there was an expenditure of Rs. 7. The total cost incurred under head 'original works' during the year was Rs. 6,830 against Rs. 4,609 in the previous year. The increase in the year is partly due to the construction of the masonry bridge referred to above, and partly due to the taking up of tree planting work, &c.

4. *Repair Works.*—The total expenditure incurred under this head during the year was Rs. 4,270 against an allotment of Rs. 4,958. Of this total expenditure, Rs. 675 were incurred in repairing gravelling on all the roads aggregating 2·13 miles in length, Rs. 919 were spent in maintaining and improving the V class roads (10 in number and 156 miles in length), Rs. 135 were spent in repairing five village roads both in Dhalbhum and Kolhan, aggregating 51 miles in length, Rs. 332 were spent in repairing and maintaining 12 culverts and bridges on the several roads of the district, and the balance Rs. 2,209 was spent on earthwork in raising low portions of the several roads and filling up ruts and repairing rain damages, &c. As far as the limited funds at the disposal of the Committee would permit, all the roads were made passable for cart traffic. Side drains of the several roads were also attended to during the year. Several district roads passing through the territories of the Political Chiefs were also maintained and kept in good order at the cost of the Committee. The Chiefs do not care to keep these roads in good condition at their own expense, although their people are greatly benefited by them. As a matter of fairness, they certainly should help in the matter.

5. *Arboriculture.*—Of the 976 trees planted during the year, 627 trees are in a flourishing condition. The remaining 349 did not thrive, and in fact many of these died within the year. Rs. 375 were spent in planting roadside trees. 976 young trees were planted in the year on the first 4 miles of each of the Chaibassa-Subarnarekha river, Chaibassa-Bend and Chaibassa-Jyntgurrh roads, and to protect the same, gabions of stone and earth were made. The total cost under this head came to Rs. 375, during the year.

6. The following statement shows the revenue of the Committee (excluding advances and deposits), the expenditure on original and repair works and on the executive establishment employed on works, the percentage cost of such establishment spent on works, as also

I HAVE the honour to submit herewith the Annual Accounts of, and Report on the Administration of the District Road Fund of the Sonthal Parganas for the year 1893-94.

2. The Road Cess Act is not in force in this District, and there is no District Road Committee. The Deputy Commissioner of the District exercises the powers of such a committee.

3. The District Road Fund is composed of grants from Government plus a few items of miscellaneous receipts. The year opened with an unexpended balance of Rs. 22,079 against Rs. 36,321 in the previous year.

4. *Financial results.*—The following table compares the income and expenditure of the year 1892-93 and 1893-94 :—

Receipts.

5. The sum of Rs. 82 on account of the rent of three ferries established in the year 1893-94 in the Government Estates in the Rajmahal Subdivision was, under a misapprehension, credited to the District Road Account, but was refunded to Government in March last.

6. *Miscellaneous.*—The decrease under the head 'Miscellaneous' is owing to the fact that in the year 1893-94 European cooly recruiters did not use the inspection and staging bungalows so often as they did in the year 1892-93.

7. *Grant from Government.*—The increase under this head is owing chiefly to the allotment of Rs. 3,944 made for the construction of buildings by the Public Works Department, to a sum of Rs. 66-4 paid for gauge reading telegrams, and to the larger grant made for the improvement of Government Estates in the District.

8. *Suspense Accounts.*—The amount of advances recovered during the year was Rs. 19,118 against Rs. 22,780 in the previous year.

Expenditure.

9. *Administration.*—The increase under this head is nominal and calls for no remark.

10. *Stationery and Printing.*—The increase under this head is due to the charges for printing the annual account and report of the year 1891-92 having been paid in the year 1893-94, and to the cost of printing some of the departmental forms locally.

11. *Public Works.*—The decrease under this head is attributed by the Deputy Commissioner partly to the untimely receipt of sanction to estimates for the construction of original works, and partly to the insufficiency of funds for their execution.

12. *Miscellaneous.*—The increase is due to the charges for the petty construction and repair of the staging bungalow for the year 1892-93 having been paid in the year 1893-94.

13. *Suspense Accounts.*—The amounts advanced to the Subdivisional Officers and others for works and not adjusted during the year amounted to Rs. 17,709 against Rs. 18,836 in the previous year.

14. The following table compares the expenditure incurred during the year on account of Public Works with that of the previous year :—

YEAR.	Original Works.	Repairs.	Establishment.	Tools and Plant.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
1892-93	27,933	43,115	7,242	651	77,940
1893-94	18,462	44,583	7,469	690	71,190
	-9,470	+2,468	+227	+139	-6,741

The decrease of expenditure under the head of 'Original Works' has been explained in paragraph 11. The increase under the head 'Repairs' is due to some of the works sanctioned in 1892-93 not having been carried out until 1893-94. The increase under the head 'Establishment' is chiefly due to the cost of reporting gauge readings by telegrams, as also noted in paragraph 7. The increase under the head 'Tools and Plant' is very small and requires no explanation.

15. The percentage of the cost of establishment on Public Works is 10·4 against 9·2 in the previous year.

16. The principal original works carried out during the year are briefly described below:—

From the District Road Fund.

(1.) The construction of a masonry arched bridge of 6 spans of 30 feet each over the Jeabumpur stream on the 80th mile of the Bhagalpur and Suri road, was completed during the year at a cost of Rs. 11,100, as against an estimated cost of Rs. 10,280.

(2.) The rotten timber superstructure of another bridge of 2 spans of 30 feet each over the Asansol nala on the 75th mile of the road mentioned above, was replaced by a corrugated iron roadway carried over transverse and longitudinal rolled iron beams and protected by strong iron railings at a cost of Rs. 2,274.

(3.) Estimates for Rs. 2,359 and Rs. 1,370 were also sanctioned for the construction of rubble masonry arched bridges over the Mashanjore and Murjora nalas on the 83rd and 87th miles respectively of the same road, but only materials for their construction could not be collected during the year 1893-94. Information regarding their completion will be furnished in the Annual Report for the year 1894-95.

(4.) Fourteen dry stone drains on the Dumka and Rampur Hat road No. 2 were replaced by rubble masonry culverts varying from 4 to 5 feet span each at the cost of Rs. 959.

Land Revenue Government Estates Improvement Fund.

(5.) A sum of Rs. 2,766 was expended during the year on account of the collection of materials for the construction of a bridge (rolled iron beams with masonry abutment and piers) over the Morral river on the Tinpahar and Boroo section of the Rajmahal and Protapbur road. The estimate for this work was Rs. 16,389. Its further progress will be exhibited in next year's report.

Provincial Fund.

(6.) The works executed from Provincial Funds were the construction of additional office accommodation at Deoghur at a cost of Rs. 1,602.

(7.) Construction of an additional room to the treasury building at Dumka for accommodating the Registration office at the cost of Rs. 1,497.

17. *Repairs.*—All the roads in the printed schedule were repaired during the year. There are about 770 miles of road, of which 183 miles are metalled and 587 unmetalled. Out of the 587 miles of unmetalled roads 17½ miles are village roads. The cost of maintenance per mile of the different classes of roads is given below:—

	Cost of repair.	Per mile.
	Rs.	Rs.
183 miles of metalled roads	16,184	88
569½ miles of unmetalled roads	12,133	21
17½ miles of village roads	263	15

18. *Buildings.*—The expenditure incurred in the maintenance of the Imperial and Provincial buildings was Rs. 6,153 against the grant of Rs. 6,245.

19. *Arboriculture.*—A sum of Rs. 702 is said to have been spent in the maintenance of the roadside plants. Their number is more than 30,000. They are thriving satisfactorily, and most of them are now bearing fruit. There was no new plantation during the year worthy of mention. In a dry country like the Sonthal Parganas the great difficulty is the supply of water to young trees in the hot and cold seasons.

W. B. MARTIN,
Deputy Magistrate in charge.

Abstract of the Report by the Assistant Commissioner, Chittagong Hill Tracts, on the operations of the District Road Account of the district during the year 1893-94.

THE actual receipts during the year amounted to Rs. 56,705-2-4, and the expenditure to Rs. 44,396-15-8, consequently the closing balance was Rs. 12,308-2-8.

2. Of the gross expenditure, Rs. 44,396-15-8, Rs. 7,392-14-8 represent the charges under establishment, the balance Rs. 37,004-1 was the expenditure on works and repairs.

3. The relative expenditure on works and repairs compared with the expenditure on establishment is shown below:—

Works.			Repairs.			Total.			Establishment.			Percent- age.
1			2			3			4			5
Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	
7,389	4	3	29,125	8	7	36,514	12	10	6,996	2	8	19

4. The narrative report on the original works executed during the year is as follows:—

I.—Constructing light timber bridges along the Rangamati road.—A sum of Rs. 2,116 was provided for in the Budget Estimate and sanctioned by Government for the construction of sawn timber bridges. The full quantity of work was done at a cost of Rs. 2,011-15. The cause of the saving is the less rate at which the contractor agreed to do the work.

II.—Constructing sawn timber bridges along the Rangamati road.—A sum of Rs. 5,330 was allotted for this work in the Provincial Budget for the year, and was ultimately transferred to the District Road Account. The work was vigorously taken in hand at the beginning of the cold season, but owing to an outbreak of cholera among the workmen during the middle of February, causing three deaths, and to the unusually heavy rains at the end of the month, it had to be stopped for a time, and hence the total quantity of work could not be completed within the year. The actual expenditure amounted to Rs. 4,633-12-6.

III.—Constructing a record-room and library at Rangamati.—The Assistant Commissioner's cutcherry was destroyed by fire in May 1893. The Commissioner decided that the old dāk bungalow might be converted, with additions and alterations into the Police office, and the old Police office into the Assistant Commissioner's cutcherry. This being a thatched building, it was considered unsafe to keep the records and books in it, and therefore the construction of a corrugated iron record-room and library was proposed. An estimate amounting to Rs. 782 was submitted and sanctioned. The work was completed within the year at a cost of Rs. 743-8-9, the saving being due to the rate at which the contractor agreed to do the work.
